Dear Parents / Carers

SCHOOL COMMUNICATION

You may recall that we carried out a 'communication survey' earlier this year. We are trying to streamline our methods of communication with you to make them consistent, easily accessible, instantly alert you to any emergencies, keep you up-to-date with information and also share your child's achievements with you. Finally we have an exciting new system called 'SchoolPing'.

SchoolPing is an app that allows us to communicate quickly and securely with you in the form of a text, with the option of attaching documents, images and videos, which can be viewed within the app. Teachers will all have access to the service and send messages directly to you about your child, class information, upcoming events etc. It also has the added feature of an online calendar that will be updated by the school office staff and you will be able to book a slot for parents' evening using it.

It is very important that you all download the app on your smartphones once you receive your log in details; you should be receiving a letter or email with a username, password and instructions later on this week. The system will work most effectively if everyone is on board; having everything in one place should make life easier for you and for us. If you do not have a smartphone or there are any issues, please advise the school office as soon as possible.

Yours sincerely

Alison Simpson
